

Service Packages

White Rock Lawn and Yard Care offers customizable service packages, ranging from 'Bronze' to 'Diamond', as outlined below:

Lawn Maintenance: Mowing, string-trimming edges, blowing debris from walkways and minor seed-only spot repairs as needed.

Shrub Maintenance: Seasonal shaping and maintenance of shrubs, hedges, bushes and small trees under 15', including removal of dead, dying and diseased branches as appropriate.

Garden Bed Maintenance: Leaf and tree debris cleanup, manual garden bed weeding and garden bed weed control using an eco-friendly vinegar solution.

Lawn Rejuvenation: Spring lawn aeration, fertilization, overseeding, lime and moss control applications.

Optional Add-Ons: Spring lawn dethatching, top-dressing, garden bed soil or bark mulch top-ups, bulb-splitting, shrub fertilizer, annual flower planting, lawn spot-repairs including soil, lawn weed control, walkway weed-control and biological chafer beetle treatments. (Please note: complete chafer beetle eradication is not guaranteed).

Pricing:

Service pricing varies according to property size, landscape complexity, service frequency and package selection. Our services are structured around professional recurring maintenance. Broader packages can provide better overall value by allowing multiple services to be coordinated efficiently during regular visits.

Getting Started:

Interested in working with us? Please send us your property address, the services or Service Package that interest you, your desired service timing, and several current photos of the relevant landscaped areas. We will review the information to assess the property, determine the most appropriate service fit and recommend the next step. In many cases, this allows us to begin the quoting process remotely.

We strive to provide quotations at no charge whenever the required information can be obtained remotely. When an on-site assessment is necessary for a residential quotation, a fee of \$157.50 including GST applies. It must be e-transferred to admin@wrlawncare.com prior to the quote. This allows us to dedicate the time required to properly assess the property, understand its needs and develop an appropriate service scope.
