Service Packages

White Rock Lawn and Yard Care offers customizable service packages, ranging from ‘Bronze’ to ‘Diamond’. Please consult your agreement for its specific inclusions. Packages may include the following services:

Lawn Maintenance:

Includes mowing, string-trimming edges, blowing debris from walkways and minor grass seed spot-repairs.

Shrub Maintenance:

Includes seasonal maintenance of shrubs, hedges, and bushes under 15', including shaping and removal of dead, dying and diseased branches as appropriate.

Garden Bed Maintenance:

Includes leaf and tree debris cleanup, manual garden bed weeding and garden bed weed control using an eco-friendly vinegar solution.

Lawn Rejuvenation:

Formatted as an optional add-on within agreements when requested, Lawn Rejuvenation is a basket of services including spring lawn aeration, fertilization, overseeding, lime and moss control applications. For agreements with visits every second week, we will also perform weekly lawn services from April to June.

Service Packages

Optional Add-Ons:

Optional Add-Ons are individually priced optional selections within a broader package, added when authorized by email communication. They may occur once or repeat annually depending on the customer's preference, and include: lawn dethatching, lawn top-dressing, lawn spot-repairs including soil, dandelion control, chafer beetle control, garden bed soil and/or composted bark mulch top-ups, shrub fertilization, annual flower planting, bulb-splitting, walkway weed-control and/or litter cleanup.

Pricing:

Service pricing varies according to property size, landscape complexity, service frequency and package selection. Our services are structured around professional recurring maintenance. Broader packages can provide better overall value by allowing multiple services to be coordinated efficiently during regular visits.

Getting Started:

Interested in working with us? Please send us the property address, desired service(s), preferred start date and several current photos of the relevant landscaped areas. We will review this information to assess the property, determine the most suitable service options, and recommend the next steps. In many cases, this allows us to begin the quotation process remotely.

We strive to provide quotations at no charge whenever the required information can be obtained remotely. A fee of $157.50 including GST may apply when an on-site assessment is necessary to prepare a quotation. It must be e-transferred to admin@wrlawncare.com before the scheduled site visit. Please confirm our availability before transferring payment. This allows us to dedicate the time required to properly assess the property, understand its needs and develop an appropriate service scope.

Improving lives through garden beautification and great customer experiences.
